

## Modern Slavery Policy

1. GB PPE Ltd is a privately owned business manufacturing Type 11R surgical facemasks in the UK turning over just under £1 million per annum.

2 As small company all sourcing and employee recruitment decisions are managed by the owner of the business.

3 All our materials are sourced from suppliers in Europe. We check with our suppliers that they have anti-slavery policies in place or fully commit that no modern slave labour is used in the manufacture of products that we use. Most of our products are either sourced from UK directly, or are manufactured in the EU.

4 We are committed to ensuring that there is no modern slavery within our business and we comply with all relevant UK employment and labour standards legislation. This is part of our wider commitment to ensure that we act ethically and with business integrity in all that we do. (This policy is supported by our anti-bribery and corruption policy) Noel Rigby Date: January 4th, 2021 Position Director
